

LITTLE FRANKIE

A Monster of a Musical..

Come and meet Professor Frank Leemadear and his latest and best invention...Little Frankie.

Little Frankie is different, he doesn't look like everyone else and that is a problem. Join Little Frankie as he tries to show everyone that he is more than just his appearance.

With songs, comedy and slapstick this is a wonderful family show which helps us to remember that no one should be judged by what's on the outside only by what is on the inside.

A wonderful heart warming story that will entertain everyone from two to one hundred and two.
