WE BRING THE THEATRE TO YOU

This educational production is aimed at Key Stage 2 children.  
It helps reinforce the National Curriculum and shows them  
the benefits of reading in an entertaining way.

It was a very enjoyable show, the set was wonderful and so were the costumes.

The length of the show was just right for the end of the day.

The actors were on time, set up with ease and were cleared away very quickly.

Great show!

ST BERNADETTE'S PRIMARY, Pentwyn, Cardiff

There is trouble in the Realm of reading,  
Darkon the Destroyer has decided his book should be the only book  
in existence, and he is intent on destroying all the others .

Darkon says that children don't read any more, and they are too busy  
playing with video games and watching DVDs to read any more,  
but he will spare the realm of reading if we can prove that  
children still enjoy reading and they can learn from it.

So Boris the Book Keeper needs help, Jack comes to assist, with help  
from the audience and characters from his favourite stories.

But will good triumph over evil ?
