PROUDLY PRESENTS

How to save the world

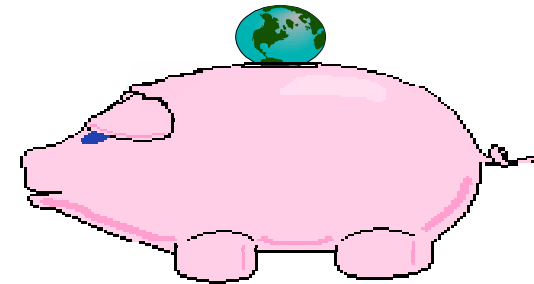

How to save the world is written for Key Stage 2 children but would be enjoyed by all.

The show reinforces the three R's and helps to show children how they can make a difference to our planet.

WE BRING THE THEATRE TO YOU

Steve Starr is about to launch his new television show, all about the environment, the only problem is he doesn't know anything about it.

With the help of the characters he meets and lots of audience participation, Steve begins to understand what's happening to the ozone layer and what everyone needs to do to save the planet.

Fun, songs and games help us to understand a serious subject that affects us all.
